Signature Hardware
Undermount Bathroom Sink

Delta Single Hole
Faucet

INCLUDED

Secondary Bathrooms

Kohler Toilet Tank
White

Kohler Toilet Seat
White

Kohler Toilet Bowl
White

Delta Towel Bar, Paper
Holder & Robe Hook

INCLUDED

Water Filtration

Includes whole-home filtration system, tannin removal & reverse osmosis

BIO CERAMICS

- Ceramic Pouch - Creates antioxidant structured water with better taste. It's 3 times more hydrating than unfiltered tap water.
- Super Ceramic - Produces FIR (Far Infrared) light which restructures water.
- Negative Ion Ceramic - Removes pollutants out of water, splits water molecules and creates negative ions. Increases negative ORP (Oxygen Reduction Potential) and increases hydration and metabolism.
- Softening Ceramic - Reduced mineral hardness in drinking water. Creates softened and healthy water without the use of chemicals.

KDF (KINETIC DEGRADATION FLUXION)

A high-purity copper-zinc formulation that removes chlorine, lead, mercury, iron, and hydrogen sulphide from water. It also extends the life of the filter media.

GARNET GRADES

Combines fine and coarse garnet. Includes hard, durable minerals that help the filter remove all fine sediments.

RAPID SAND

Provides high efficiency filtration.

TRIPLE LAYER CARBON

This includes the highest quality of carbon that removes chlorine from organics, tastes and odors. The carbon increases the time between regeneration.

LAYERED STONE & QUARTZ CRYSTALS

The backbone of the Allini system prevents water channeling, aids in the preservation of filter life and assists in the body's ability to hydrate more efficiently.
